

# NEXUSICO RISK DISCLOSURE

THIS DOCUMENT SHOULD BE READ BY EACH AND EVERY PROSPECTIVE CONSTITUENT/CLIENT BEFORE ENTERING INTO BUSINESS AGREEMENT WITH NEXUSICO CAPITAL LLC., AND IS TO BE READ IN CONJUNCTION WITH TERMS & CONDITIONS AND OTHER DISCLOSURES.

NexusICO Capital llc., does not singly or jointly, expressly or impliedly, guarantee nor make any representation concerning the completeness, the adequacy or accuracy of this disclosure document nor has NexusICO endorsed or passed any merits in participating in the ICO Investments and Cryptocurrency Trading. This brief statement does not disclose all of the risks and other significant aspects of ICO Investments. You should, therefore, study ICOs and Cryptocurrency trading carefully before investing. ICO and Cryptocurrency markets are highly volatile and any Investments in these areas are highly risky, while NexusICO takes best possible efforts to leverage gains, it, by no means guarantees the result. Investments are subject to multiple risks, not limited to markets, compliance and regulatory, hence your investments are exposed to high risk and there are chances of losing partial or complete investment amounts. Due diligence must be performed by every investor before making investments.

## 1. HIGH-RISK INVESTMENT

1.1. Trading in ICOs and novel Blockchain Projects on margin includes a high level of risk that are not suitable for all investors. The leverage can work for you as well as against you. Before deciding to trade any such leveraged products, you should carefully consider your investment objectives, experience level, and risk appetite.

1.2. The possibility exists that there could incur a loss of some or all of your initial investment. Hence you should never invest money that you cannot afford to lose.

1.3. You should be fully aware of all the risks associated with trading on margin. In case of any doubts, you should definitely seek advice from an independent financial advisor.

## 2. CRYPTOCURRENCY

Payments made in Cryptocurrencies are exposed to high fluctuations, hence the exchange rates may hurt its value and the performance may lead to loss of Investments for Investors.

## 3. CONFLICT OF INTEREST

3.1. When the Company deals with the patron, the Company, an associate, a relevant person or some other person connected to the Company may have an interest, association or arrangement that is material about the Transaction/Order concerned or that it conflicts with the patron's interest.

3.2. The following includes the extreme events which constitute or may give rise to a conflict of interest involving a material risk of damage to the interests of one or more patrons, as a result of providing investment services.

(a)the Company's bonus scheme may award its workers based on the trading volume etc.

(b)the Company may receive or pay incentives to or from third parties due to the referral of new Patrons or Patrons' trading.

3.3. For more information about the conflicts of interest and the methods and controls that the Company attends to manage the identified conflicts of interest.

#### 4. INTERNET RISKS

4.1. There are risks associated with using an Internet-based deal execution trading system including, but not confined to, the failure of, software, hardware and Internet connection.

4.2. Since Nexus ICO does not control Bandwidth, connectivity and signals, its reception or routing via Internet, the configuration of your equipment or reliability of its context, we cannot be responsible for communication failures, distortions or delays when communicating via the Internet.

4.3. Nexus ICO's employs back-up systems and contingency plans to minimize the possibility of system failure, and trading via telephone is available.
